

Arc-Flash NFPA 70E Awareness Course

Subject: Arc-Flash 70E Awareness Course

Instructor: Jason McCord

Learning Outcome: This class has been developed in an effort to assist those in the industry to better understand a number of the hazards associated with working on or near energized electrical equipment and circuits, and the manner and conditions under which such work may be performed. The class will also explore NFPA 70E, Standard for Electrical Safety in the Workplace as a prescriptive means to comply with the electrical safety-related work practice requirements of the Occupational Safety and Health Administration.
